2024 Professional Staff Caucus Scholarship

Dear Professional Staff Caucus,

My initial reaction when I saw the email, I was in shock and felt immense joy to be chosen.

I'm writing to convey how grateful I am to have been awarded the Professional Staff Caucus Scholarship. It is a great honor for me to get this scholarship and I would like to express my gratitude for all of your support in assisting me to achieve my academic goals.

Your kindness has been an immense help during my time in college. It has given me a fresh purpose also it is good to know that there are people like you who see the potential in students like me.

I'm determined to take full advantage of this chance, both for myself and as a token of appreciation for your financial support of my study.

I am thrilled about the opportunities this scholarship presents. I am better able to concentrate on my coursework, participate in worthwhile extracurricular activities. I was told at the last notice I had to pay out of pocket in order to start the semester and receiving this money alleviated the financial stress I was enduring this semester. This will make my path to PA school much smoother knowing I do not have to rely on loans.

I am grateful that you have had an impact on my life and that you have sparked my interest in learning new things and developing myself. I sincerely appreciate your confidence in my abilities, and I hope to repay your kindness by achieving success in my studies and other pursuits.

Sincerely,

Anaima Hossain
