Professional Staff Caucus scholarship

To the donors of the Professional Staff Caucus Scholarship,

It is with gratitude and excitement that I accept The Professional Staff Caucus scholarship. Your generosity means a great deal to me, along with the recognition of my hard work to qualify for this opportunity. I look forward to furthering my education, refining my professional skill set, and developing intellectually within the structure of my academic discipline. Your contributions have made this possible to do here at Buffalo State.

During the summer of 2022, when I decided to apply to attend here, I knew it would be a great decision to take on this next stage of my personal and professional journey here. Gradually, Buffalo has become a second home for me here in Western New York though my love for the New York Jets and sporting their associated team jersey has earned me a great deal of playful side eyes or remarks at football watch parties.

Though still, I thank you not only on my behalf, but on behalf of my family, who I carry with me through this experience, and I know they will be thrilled to know the Professional Staff Caucus has awarded me this opportunity.

Warmest regards,

**Jovon McCullough**
